Thanks. Can you change it to 95%? Thanks. Also, if I can have 2, one that specifies union and the other just Wisconsin contractors.

Beth,

It will be a little while before the JCF sub is done and we can start drafting amendments. I haven't forgotten.

Hi Becky,
Just checking in on the amendment.
Thanks,
Beth

Hi Becky,
I have an amendment for whatever version of the mining bill comes out of JFC today. The instructions are below. Let's have the percentage at 75% for right now. I'll let you know if that changes. Also, we would like to specify Wisconsin based as well.
Thanks,
Beth

Beth,

Here are drafting instructions for the amendment to AB 426/SB 488 (relating to the regulation of ferrous metallic mining) that we discussed:

As a condition of receiving a permit under the bill, require that a certain percentage (*you can select the percentage*) of contractors that are hired by the mine owners to work on activities associated with the mine have employees who are represented by a labor organization.

The drafter can draft the language to more closely align with the bill's language, but the instructions above give you and the drafter a starting point. Please let me know if you need anything else.
